

# Services & Directions

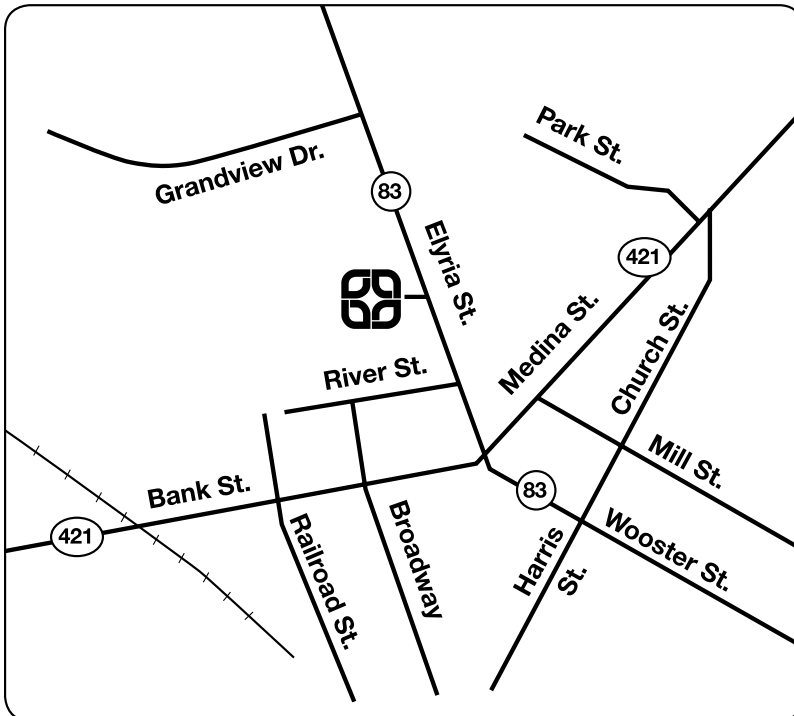

## From the North (Cleveland area):

Take Route 71 south and exit at Jct with Routes 76 and 224. (The exit is a cloverleaf so watch signs.) Take Route 224 west for approximately 5 miles and exit at Lodi Rte 421 (Medina Rte 42). Turn left and take Route 421 into Lodi. (Do not take Rt. 42 because it bypasses Lodi.) Turn right onto Route 83. Go approximately ¼ mile and the hospital is on the left.

## From the South

### (Columbus, Mansfield area):

Take Route 71 north and exit at State Route 83 (Exit 204). Turn left and take Route 83 (North) into Lodi. Go approximately ¼ mile past Lodi downtown staying on Rte 83 and the hospital is on the left.

## From the West (Norwalk area):

Take Route 224 east to the exit that is marked Lodi Medina Routes 421 and 42. Exit and turn left unto Rte 421. Take Route 421 into Lodi. In downtown Lodi turn right onto Route 83. Go approximately ¼ mile and the hospital is on the left.

## From the East (Akron area):

Take Routes 224 and 76 West. At the Jct with Rte 71, continue west on Route 224. Take Route 224 west for approximately 5 miles and exit at Lodi Rte 421 (Medina Route 42). Turn left and take Rte 421 into Lodi. In downtown Lodi, turn right onto Rte 83 and go approximately ¼ mile and the hospital is on the left.

### GPS Coordinates:

41.035895, -82.013497 or N41°2.1537, W082°0.80982

## Services

Lodi Community Hospital was one of the first healthcare facilities in the Lodi area, serving the citizens in the surrounding community since 1920. The hospital was designated as a 25-bed Critical Access Hospital (CAH) in 2001, which means the hospital is certified to receive cost-based reimbursement from Medicare. The CAH program was designed to improve rural healthcare access and reduce hospital closures.

As part of Akron General Health System, the hospital provides a wide range of services locally as well as many areas of new technology in the healthcare field such as the Picture Archives Communication (PAC) system, which allows radiology tests to be electronically sent over secure computer lines to specialists and other facilities if needed. The hospital also offers programs, health screenings and support groups that benefit individuals and families in our community. **Call 330-948-1222 for more information on any of the programs or services offered below:**
